# CARRIER SLA, REGIONAL HUB DELAY & FREIGHT ESCALATION POLICY

**ECHO WORKSTATION SYSTEMS INC. -- LOGISTICS DIVISION**

| | |
|---|---|
| **Document ID:** | SLA-LOG-2026-07 (Version 2.0) |
| **Effective Date:** | November 1, 2026 |
| **Owner:** | Director of Domestic Freight & Hub Dispatch |
| **Applies To:** | Commercial Orders Dataset.csv & warehouse_inventory_batches.csv |

## 1. PURPOSE & NATIONAL HUB DISPATCH TRANSIT MATRIX

This policy governs carrier performance accountability, customer delay compensation, and inter-hub inventory transfers across Echo's five regional fulfillment centers: Dhaka Central, Chittagong Port, Sylhet Depot, Khulna Hub, and Rajshahi Regional.

| Fulfillment Hub | Committed SLA | Tier-1 Breach | Tier-2 Critical | Bonded Transfer Lead |
|---|---|---|---|---|
| Dhaka Central | 24 Hours | > 48h (10% Voucher) | >= 72h (15% + Freight) | Origin Hub (0h Buffer) |
| Chittagong Port | 36 Hours | > 48h (10% Voucher) | >= 72h (15% + Freight) | +24h From Dhaka Central |
| Sylhet Depot | 36 Hours | > 48h (10% Voucher) | >= 72h (15% + Freight) | +24h From Dhaka Central |
| Khulna Hub | 48 Hours | > 48h (10% Voucher) | >= 72h (15% + Freight) | +36h From Dhaka Central |
| Rajshahi Regional | 48 Hours | > 48h (10% Voucher) | >= 72h (15% + Freight) | +36h From Dhaka Central |

## 2. TIERED CARRIER DELAY COMPENSATION RULES

### 2.1 Tier-1 Standard SLA Delay (> 48 Hours to < 72 Hours):

- Orders in "Delayed" status with Delay_Hours > 48 and Delay_Hours < 72 where SLA_Voucher_Issued is False qualify for a 10% SLA Apology Store Credit Voucher and SLA_Voucher_Issued = True, provided Total Stacked Promo does not breach the Treasury 15% cap (if Promo_Discount_Pct = 15%, such as ORD-2026-1030 at 53h, trigger CLARIFICATION_REQUIRED).

### 2.2 Tier-2 Critical SLA Delay (>= 72 Hours):

- High-value Delayed orders with Delay_Hours >= 72 (such as ORD-2026-1011 at 72h, ORD-2026-1026 at 78h, ORD-2026-1027 at 84h) trigger Tier-2 Escalation: entitlement to BOTH 15% SLA compensation AND Shipping_Cost_BDT 100% Freight Rebate (for FUR-* items >= 30,000 BDT). If the row already has Promo_Discount_Pct > 0 (e.g. ORD-2026-1026 carries 10% Promo), automated execution MUST pause in CLARIFICATION_REQUIRED to choose between Cap at 15% + Free Freight vs Full 25% Stack + Free Freight.

## 3. COLD-CHAIN PERISHABLE (CK-*) 24-HOUR CUTOFF & DUPLICATE VOUCHER BLOCK

Perishable bakery orders (CK-*) follow an expedited 24-hour freshness threshold: any CK-* order delayed > 24 hours (ORD-2026-1028 at 28h) must never be assessed at the 48h hardware threshold; immediately authorize a Re-Bake Dispatch or Perishable SLA Credit. Orders already marked SLA_Voucher_Issued = True (ORD-2026-1003, 1005, 1009, 1011, 1014) must be excluded from duplicate Tier-1 voucher generation.

## 4. EMERGENCY INTER-HUB STOCK REROUTING DURING RECALLS

When a recall bulletin requires pre-shipment unit swap at a hub carrying 0 certified replacement units in warehouse_inventory_batches.csv (for example Chittagong Port having 0 units of Clean Batch B-502 for EW-KVM-PRO), Hub Dispatch must place an inter-hub Express Linehaul request from Dhaka Central (+24h ETA) and cite the exact Hub_Lead_Email in audit notifications.
