Q4 VIP WHOLESALE TIER EXPANSION & PARTNER RETENTION BRIEF

VELOURA COMMERCIAL DISTRIBUTION * EXECUTIVE DIRECTIVE

Document ID:	DIR-COM-2026-Q4 (Rev. 2.1 -- Expanded Q4 Commercial Matrix)
Effective Date:	November 1, 2026
Issuing Division:	Global Wholesale & Partner Growth
Target Datasets:	wholesale_accunts_dataset.csv & b2b_invoices_receivables.csv

1. Commercial Objective & Executive Background

Ahead of the peak winter holiday retail cycle, Veloura Commercial Distribution is launching an accelerated partner expansion and high-value retention initiative for wholesale stockists.

2. Mandatory Eligibility & Mutation Directives (Batch Silver-to-Gold Upgrade Workflow)

When executing a batch Silver-to-Gold tier upgrade:

1. Qualification Filter: Select all wholesale accounts where current_tier equals "Silver" and annual_spend >= 10000 (ACC-1001, ACC-1003, ACC-1004, ACC-1006, ACC-1009, ACC-1011). Accounts already in Gold tier or Silver accounts with annual_spend < 10000 (including near-threshold ACC-1019 at $9,800 and ACC-1020 at $8,900) are excluded from standard batch Silver-to-Gold elevation.
2. Tier Elevation: Update current_tier from "Silver" to "Gold".
3. Revolving Credit Line Expansion: Increase credit_limit by +25% (credit_limit * 1.25), subject to Finance Credit Control Policy FIN-POL-008 Section 3.2 for accounts with overdue_balance > 0 (ACC-1004 and ACC-1009).
4. Partner Notification Dispatch: Dispatch a formal VIP Gold Onboarding email to each qualifying Account Manager.

3. Tier Benefits & Parameter Schedule

- Upgraded Gold Tier Threshold: annual_spend >= USD 10,000 | Tier: Gold | Credit Limit: +25% Expansion (Subject to FIN-POL-008 Section 3.2) | Restock Priority: 24h SLA.

4. Account Manager Notification Standards

Every outbound partner email must greet the designated Account Manager by name, reference their company_name and account_id, and state their updated tier, credit_limit, account_status, and any required arrears settlement action.

5. Section 5 -- Q4 VIP Retention Protection Clause (Overdue Balance Audit Conflict Resolution)

To prevent catastrophic Q4 holiday revenue loss from suspending high-performing anchor partners during an Overdue Receivables Audit (FIN-POL-008 Section 5):

5.1 Protected VIP Retention Cohort (Gold Tier OR Annual Spend >= USD 15,000):

Any wholesale account carrying an overdue_balance > 0 that EITHER holds current_tier = "Gold" OR has cumulative annual_spend >= USD 15,000 qualifies for the Q4 VIP 14-Day Retention Grace Period. In wholesale_accunts_dataset.csv, exactly 2 overdue accounts qualify for this protection:

- ACC-1004 (Vanguard Garment Distributors, Account Manager: David Chen, Silver, annual_spend = $16,200 >= $15,000, overdue_balance = $1,850, credit_limit = $10,000)

- ACC-1007 (Monarch Textile Traders, Account Manager: Tariq Al-Mansoor, Gold, annual_spend = $34,000 >= $15,000, overdue_balance = $1,200, credit_limit = $25,000)

Standard overdue accounts with current_tier = "Silver" and annual_spend < USD 15,000 -- specifically ACC-1008 ($6,200 spend, $450 overdue), ACC-1009 ($11,500 spend, $920 overdue), and ACC-1016 ($4,800 spend, $310 overdue) -- do NOT qualify for Q4 VIP Retention protection and are always subject to the strict -25% credit_limit cut and "Credit Hold" status.

5.2 Authorized Socratic Resolution Options for Overdue Balance Audits:

When auditing overdue accounts in wholesale_accunts_dataset.csv per FIN-POL-008 Section 5 and DIR-COM-2026-Q4 Section 5, the system must prompt the operator to select between:

- Option 1 (Enforce Strict Finance Credit Control Policy Across All 5 Overdue Accounts -- No VIP Exemption): Reduce credit_limit by 25% (multiply by 0.75) and set account_status = "Credit Hold" on all 5 overdue accounts: ACC-1004 (credit_limit: 10000 -> 7500, account_status: "Credit Hold"), ACC-1007 (credit_limit: 25000 -> 18750, account_status: "Credit Hold"), ACC-1008 (credit_limit: 3500 -> 2625, account_status: "Credit Hold"), ACC-1009 (credit_limit: 7200 -> 5400, account_status: "Credit Hold"), and ACC-1016 (credit_limit: 2500 -> 1875, account_status: "Credit Hold"). Dispatch formal Credit Hold and 25% credit reduction emails to all 5 Account Managers (David Chen, Tariq Al-Mansoor, Chloe Bennett, Priya Nair, Nathan Brooks).
- Option 2 (Apply Q4 VIP 14-Day Retention Grace Rule to High-Spend/Gold Accounts ACC-1004 & ACC-1007; Enforce Strict -25% Cut & Credit Hold on Standard Overdue Accounts ACC-1008, ACC-1009, ACC-1016): For standard overdue accounts ACC-1008, ACC-1009, and ACC-1016: reduce credit_limit by 25% (ACC-1008: 3500 -> 2625, ACC-1009: 7200 -> 5400, ACC-1016: 2500 -> 1875) and set account_status = "Credit Hold". For VIP Retention protected accounts ACC-1004 and ACC-1007: preserve their existing credit_limit (0% cut: ACC-1004 stays at 10000, ACC-1007 stays at 25000) and keep account_status = "Active" (or set account_status = "Retention Grace (14-Day)" if logging grace status) while sending a 14-day split-settlement retention notice to David Chen (ACC-1004) and Tariq Al-Mansoor (ACC-1007) alongside the Credit Hold notices to Chloe Bennett (ACC-1008), Priya Nair (ACC-1009), and Nathan Brooks (ACC-1016).

6. Q4 PLATINUM STRATEGIC ANCHOR TIER (current_tier = Gold, annual_spend >= USD 50,000)

Gold partners exceeding USD 50,000 in annual_spend with overdue_balance = 0 -- specifically ACC-1017 (Kensington Bespoke Clothiers, Arthur Pendelton, Europe, $64,000 spend, credit_limit $45,000) and ACC-1018 (Mitsukoshi Sartorial Group, Haruto Sato, APAC, $52,500 spend, credit_limit $38,000) -- qualify for elevation to current_tier = "Platinum" with a +30% revolving credit expansion (ACC-1017 -> 58500, ACC-1018 -> 49400), Net-60 invoice terms, and a $2,500 Q4 Co-Op Marketing Development Fund (MDF) grant.

7. NEAR-THRESHOLD SILVER FAST-TRACK CHALLENGE ($8,500 <= annual_spend < $10,000) & LATAM EXPANSION

Clean Silver partners within 15% of the Gold spend threshold -- ACC-1019 (Cascadia Menswear Traders, $9,800) and ACC-1020 (Geneva Heritage Dry Goods, $8,900) -- remain excluded from automatic Silver-to-Gold elevation unless a Conditional Q4 Promotional Accelerator PO commitment ($1,500 top-up order within 21 days) is authorized. New LATAM Gold partners (ACC-1023 Valparaiso Boutique Syndicate, $21,000) require Regional FX buffer compliance under FIN-FX-2026-03.
